### KIGALI CONVENTION CENTRE

Year of Construction : 2017

Size / Material : 2000m<sup>2</sup> / ETFE MESH

Location : Kigali / RWANDA

#### BATUMI STADIUM

Year of Construction : 2019  
Size / Material : 31.000m<sup>2</sup> / PVC PES  
Location : Batumi / GEORGIA

# our brief history

## Milestones in Membrane Architecture

**2004**

Dr. Fevzi DANSIK & Dr. Meltem Sahin established company FABRIKART. Asma Germe is the first company who are using the geometric nonlinear statical analysis and calculation methods for their projects. Antalya International Airport 2 Atrium cover is our first notable project.

**2005**

First EFFE structure has been build. Our first international Project was in Iraq.

**2007**

Dr. F. DANSIK was invited speaker in Textile Roofs 2007 International Workshop in Berlin

**2009**

Support of 'KHAN TENT' as a consulting and Project management designed by Norman FOSTER, being built in Astana Kazakhstan

**2012**

Our first international PTFE.GLASS fabric project in Fateh University Libya. ASMA GERME launched as the main company. Fabric Art became as the design company.

**2013**

The first stadium cover with PVC.PES fabric in Turkey was locally completed by us. Meditarranean Olympic Stadium

**2014**

The first stadium cover with PTFE.GLASS fabric in Turkey was locally completed by us. Karabuk Stadium

**2015**

The first double layer ETFE cushion system in Turkey was locally completed by us. Expansion of African Market

**2016**

Avrasya Congress Hall Roof System has been build

**2017**

Asma Germe expand modular membrane structure industry by acquiring Stratejim Ltd. Our first retractable funnel umbrella (the same as in Mescid-i Nebevi Medine)

**2018**

The first triple layer ETFE cushion system with shading control in Turkey was locally completed by us

#### MERSIN STADIUM

Year of Construction : 2015

Size / Material : 25.000m<sup>2</sup> / PVC PES

Location : Mersin / TURKEY

The realization of extraordinary and complex membrane structures requires a high degree of know-how and lots of experience. At Asma Germe, a team of creative designers and engineers work side by side with architects and other experts to realize technically demanding membrane structures.

# SPORTS

Protection from the sun while providing light...

#### MERSIN STADIUM

Mersin / Turkey

The Mersin Arena, is a multi-purpose stadium in Mersin, Turkey. Completed in 2015.

#### Akhmat-Arena

Grozny / Russia

“Ahmat Arena” is part of the multi-purpose sports complex of Akhmad-Hadji Kadyrov. This complex is situated on 17 acres, is the largest in Russia over the area.

#### Batumi Stadium

Batumi / Georgia

Batumi football stadium has been designed in accordance with the requirements of UEFA category 4 and can hold 20 000 spectators.

# RETAIL

Shopping malls and work  
Environments:  
We make sure that everything is covered
